

BöttcherPro Rol-O-Past

Cleaning Paste

Uses

BöttcherPro Rol-O-Past is a paste for deep cleaning of the surface of inking rollers in sheet-fed and web offset presses.

Properties

- water soluble, free of aromatics and CFC's
- highly effective cleaning paste
- removes dried ink residues and other contamination from the roller surfaces
- restores the original surface and ink affinity of the roller
- extends the service life of inking rollers

Application

Clean the rollers in the press (e. g. with Böttcherin Blue), and allow to dry. Remove the rollers from the press. Wearing protective rubber gloves, apply BöttcherPro Rol-O-Past with a spatula to the roller surface to a thickness of approximately 3 mm. BöttcherPro Rol-O-Past must remain on the roller covering for at least 3 hours. If ink residues are considerable, we recommend leaving the paste on the rollers overnight. BöttcherPro Rol-O-Past can be removed from the roller with a blunt palette knife. Take care, ensure that the roller surface is not damaged. Finally, the roller should be washed with water and dried thoroughly.

Please follow your local environmental guidelines when disposing of the waste.

Marking

BöttcherPro Rol-O-Past is classified according to EC-Directive 88/379/EEC - in its latest version and does not need to be marked. It is not classified as a dangerous good in the sense of national and international transport regulations (GGVSE - ADR/RID - GGV See/IMDG).

Fountain Solutions – *BöttcherFount*

- Fountain solution for sheet-fed offset printing
- Fountain solution for newspaper printing
- Fountain solution for heatset presses

Washes– *Böttcherin*

- Washes for use in automatic washing units in sheet-fed offset printing
- Washes for use in automatic washing units in sheet-fed offset presses built before 1995
- Washes for use in automatic washing units in heatset presses
- Washes for use in automatic washing units in newspaper printing
- Filterable washes
- Washes for daily manual cleaning
- Special washes for occasional manual cleaning

Printing Aids – *BöttcherPro*

- Cleaning pastes
- Offset spray powders
- Roller protection pastes
- Plate chemicals
- Other products

Accessories And Supplies

- Cleaning cloths
- Other accessories and supplies
